# TAKING THE LEAD

## TOGETHER, WE RISE

As we emerge from the pandemic, your support has been critical for us to meet the rising social and emotional needs of our scholars.

We have provided teachers with more instructional coaching and professional development opportunities. This has been vital for our scholars' academic success and led to the creation of an exceptional work experience for the NLCP team.

With your continued support, we have been able to face these challenges head on and live out our mission to empower scholars with the tools necessary to earn a college degree.

We must continue to provide scholars from Chicago's West Side with the education they deserve.

## WHAT IS MOST IMPORTANT THIS SCHOOL YEAR? **TAKING THE LEAD**

Since its inception in 1998, NLCP has been a strong force in Chicago. Our institution is doing the work to support our scholars as they journey to and through college. This past year proved that NLCP is a unique leader and a force that can withstand major challenges through unity, resilience, and resolve. Excellence is unarguable and unanimous across all aspects of our schools' academic programs and operations. We need our school community to **SHOW UP** ready to **SHARE OWNERSHIP** and **TAKE INITIATIVE** to get this important job done well.
